# INTRODUCTION

# Policy statement and principles

Safeguarding is everyone's responsibility.

At Killisick Junior School we endeavour to create a safe and stimulating environment where everyone knows that they are all valued. We have high standards in achievement and behaviour underpinned by the values of our school. We will provide an educational and social experience to meet the learning and emotional needs of all our pupils within the framework of a caring, supportive and structured environment. Pupils will be helped to develop their individual potential for growth, self-worth and self-control through experiencing clear and consistent guidance and support on appropriate ways of behaving towards other people within the school and the outside world.

We recognise that the safeguarding of our children is everyone's responsibility regardless of staff status (paid or voluntary), hours, role or permanency. Staff are aware of their responsibilities to report safeguarding concerns as soon as is practical to one of the Designated Safeguarding Leads.

Alongside the Child Protection Policy other statutory policies in place include Staff Behaviour Policy (Code of Conduct), Safer Recruitment Policy, Allegations Against Staff – included in FHT HR Handbook, Complaints, Behaviour, Attendance and ICT & e-Safety. This policy also draws on the guidance noted in HM Working Together to Safeguard Children 2023, published 15th December 2023 (updated February 2024) and DfE Keeping Children Safe in Education 2024 (KCSiE) in force from 1 September 2024.

Killisick Junior School recognises its responsibilities for safeguarding children and protecting them from harm. We are committed to safeguarding children and young people, and we expect everyone who works in our school to share this commitment.

Adults in our school take all welfare concerns seriously and encourage children and young people to talk to us about anything that worries them.

We will always act in the best interest of the child.

This Child Protection Policy will be reviewed by the Senior Designated Safeguarding Lead on a regular basis to ensure it remains current and incorporates all revisions made to local or national safeguarding guidance. This policy will as a minimum be fully reviewed as a minimum once a year during the autumn term provided to the Governing Body for approval and sign off at the first autumn term meeting.

Date of last review	Date of next review	Approved by governors
August 2024	August 2025	September 2024

# **Roles and contacts details**

Role	Name	Contact Details	
Headteacher	Richard Jones	0115 953 5585	
Senior Leader(s) available for contact in the absence of the DSLs	Giles Drapkin	0115 953 5585	
Designated Governor for Child Protection/ Safeguarding	Rachel Makey	0115 953 5585	
Designated Governor for LAC and PLAC	Rachel Makey	0115 953 5585	
Designated Governor for Mental Health and Wellbeing	Lisa Druce	0115 953 5585	
Designated Governor for Children with SEND	Lisa Druce	0115 953 5585	
Senior Designated Safeguarding Lead	Richard Jones	0115 953 5585	
Deputy Safeguarding Lead	Karen Carpenter	0115 953 5585	
Additional Designated Safeguarding Leads	Rebekah Evans Laura Turnbull	0115 953 5585	
FHP Safeguarding Leads (Schools)	Grant Worthington and Emma Pye	0115 989 1915	
FHP Inclusion Leads (Schools)	Grant Worthington and Emma Pye	0115 989 1915

Education Welfare Officer/ LA Children Missing in Education	Glen Scruby	glen.scruby@nottscc.gov.uk

Our policy applies to all staff, governors and volunteers working in Killisick Junior School and takes into account statutory guidance provided by the Department for Education and local guidance issued by the Nottinghamshire Safeguarding Children Partnership.

We will ensure that all parents/carers are made aware of our responsibilities regarding child protection procedures and how we will safeguard and promote the welfare of their children through the publication of this child protection policy.

These duties and responsibilities, as set out within the Education Act 2002 sec175 and 157, DfE Statutory Guidance Keeping Children Safe in Education 2023 and HM Working Together to Safeguard Children 2023 are incorporated into this policy.

# **Child Protection and Safeguarding Statement**

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection, and justice.

The procedures contained in this policy apply to all staff, supply staff, volunteers, governors and member of the Flying High Trust and are consistent with those of Nottinghamshire Safeguarding Children Partnership (NSCP).

# Maintaining a child centred and coordinated approach to safeguarding:

Everyone who works at Killisick Junior School understands they are an important part of the wider safeguarding system for children and accepts safeguarding and promoting the welfare of children is everyone's responsibility and everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all our staff, including supply staff and volunteers will ensure their approach is childcentred and will be supported to consider, at all times, what is in the best interests of the child.

We recognise no single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information, and taking prompt action.

**Safeguarding children is defined as:** The actions we take to promote the welfare of children and protect them from harm are <u>everyone's responsibility</u>. Everyone who comes into contact with children and families has a role to play.

#### Safeguarding and promoting the welfare of children is defined as:

- Protecting children from maltreatment.
- Preventing the impairment of children's mental and physical health or development.

- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes.

**NB Definition:** Children includes everyone under the age of 18.

# Whole school approach to safeguarding:

- We understand the importance every member of our staff has through their contact with children in and outside of our school environment and the particular importance of the roles and relationships they have which places them in a position to identify concerns early, provide help for children and promote children's welfare and prevent concerns from escalating.
- As a school we have a responsibility to provide a safe environment in which children can learn.
- We will make every effort to identify children who may benefit from early help and put in place support as soon as a problem emerges at any point in a child's life.
- Any staff member who has any concerns about a child's welfare should follow the processes set out in this child protection policy and raise concerns with the designated safeguarding lead or deputy without delay.
- All our staff should expect to support social workers and other agencies following any referral, especially if they were involved in being alert to or receiving a disclosure of risk, harm or abuse or harassment from a child.
- Our senior designated safeguarding lead will provide support to staff to carry out their safeguarding
  duties and who will liaise closely with other services such as children's social care, police, early help,
  and health were required, as the designated safeguarding lead (and any deputies) are most likely to
  have a complete safeguarding picture and be the most appropriate person to advise on the response to
  safeguarding concerns.

# Safeguarding is not just about protecting children from deliberate harm. It also relates to the broader aspects of care and education including:

- Pupils' health and safety and emotional well-being, and their mental and physical health or development.
- Meeting the needs of children with special educational needs and/or disabilities.
- Ensuring reasonable adjustments are provided as informed by the Equality Act for disabled children and young people
- Where a child receives elective home education and has an EHCP, the LA should review the plan working with parents and carers.
- The use of reasonable force.
- · Meeting the needs of children with medical conditions.
- Providing first aid.
- Educational visits and off- site education.
- Intimate care and emotional wellbeing.
- On-line safety and associated issues including <u>filtering and monitoring</u> in accordance with DfE monitoring standards.
- Appropriate arrangements to ensure school security, taking into account the local context.

• Keeping children safe from risks, harm, exploitation and sexual violence and sexual harassment between children: KCSiE 2024 Annex A.

# Safeguarding can involve a range of potential issues such as:

- Neglect, physical abuse, sexual abuse, and emotional abuse.
- Contextualised also known as extra-familial abuse.
- Bullying, including online bullying (by text message, on social networking sites, and prejudice-based bullying and being aware of the ease of access to mobile phone networks.
- The approach to online safety, including appropriate filtering and monitoring on school devices and networks, including home use.
- 'Deliberately missing education and children who have unexplained or persistent absence from education' or may be going 'missing from care or home' and the risks this poses on repeat occasions and for prolonged periods.
- Domestic Abuse including teenage relationship abuse.
- Racist, disability-based, homophobic, bi-phobic, or transphobic abuse.
- Gender based violence/violence against women and girls.
- Risk of extremist behaviour and/or radicalisation and susceptible to being at risk of being drawn into terrorism.
- Child sexual exploitation, human trafficking, modern slavery, sexual or criminal exploitation.
- A young carer.
- Has a mental health need and has an effect on school attendance and progress.
- Has special educational needs (whether or not they have a statutory Education Health and Care Plan (EHCP).
- Privately fostered.
- Has returned home to their family from care.
- Has a family member in prison or is affected by parental offending.
- Child-on-Child Abuse (to include children abusing other children, other varying form of bullying
  including online and sexually harmful behaviour, sexual violence, and sexual harassment (further
  defined in KCSiE 2024 Part Five).
- Harm outside the home extra familial harm.
- The impact of new technologies, including 'sexting' and accessing pornography.
- Issues which may be specific to a local area or population, is showing signs of being drawn into antisocial or criminal behaviour, including gang activity or involvement and associations with organised crime groups or county lines.
- In possession of a knife and or involved in knife crime, youth violence, criminal child exploitation (CCE).
- Is in family circumstances which present challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse/harm.
- Is at risk of or from serious violence and violent crime.
- Persistent absence from education, including persistent absence for part of the school day.
- At risk of suspension or permanent exclusion
- Issues affecting children including domestic abuse and violence, female genital mutilation, and honour-based abuse.
- Being subject to any conduct where the purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats, or another form of coercion are not used. As with the existing forced

- marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages (Law change on Forced Marriage, February 2023).
- 'Upskirting'- The Voyeurism (Offences) Act, which is commonly known as Up-skirting Act, came into force on 12 April 2019. Upskirting is a criminal offence and reportable by all teachers (KCSiE Annex A).

All our staff and volunteers are aware of the indicators of abuse and neglect and know what to look for is vital for the early identification so that support can be put in place. Our staff and volunteers are also aware of the specific safeguarding issues that indicate or inform of concerns or incidents linked to child criminal exploitation and child sexual exploitation and know to report concerns directly to the designated safeguarding or a member of the senior leadership team should the designated safeguarding lead not be available for children who may be in need of help or protection.

Our staff recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. Children may also feel embarrassed, humiliated, or could be being threatened not to tell, so not feel able to share what is happening to them. Alternatively, we recognise children may not want to make a disclosure or talk about what is happening due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child and agree a way forward to support the child and determine how best to build trusted relationships with children and young people which facilitate good opportunities for communication.

All staff should always speak to the designated safeguarding lead, or deputy at the earliest opportunity.

As a school we are aware that abuse, neglect, and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore all staff should always be vigilant and always raise any concerns with the designated safeguarding lead (or deputy).

**All** staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of our school environment.

All our staff have received information and training regarding the risks that can take place outside their families. This is known as extra-familial harm and these can take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.

Our staff are aware that technology offers many opportunities but is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.

All our staff have 'an understanding of the expectations, applicable to their roles and responsibilities in relation to filtering and monitoring' of ICT systems and regular monitoring of school's equipment and networks.

Our school's approach to online safety, including appropriate filtering and monitoring on school devices and school networks is reflected in this Child Protection Policy including awareness of the ease of access to mobile phone networks. (See KCSiE 2024 Paragraphs 12,102,123 and 133 to 146).

Our Snr DSL and the DSL team has the lead responsibility in this area, which is overseen and regularly reviewed by the Governing body, along with considering the number of and age range of their children, those who are potentially at greater risk of harm, and how often they access the IT system along with the proportionality of costs versus safeguarding risks.

Our Governing body will ensure they maintain oversight of the Online Safety Policy contained within our main child protection policy, and the arrangements put in place to ensure appropriate filtering and monitoring on school devices and school network. The appropriateness of any filtering and monitoring systems will in part be informed by the risk assessment required by the Prevent Duty as required by KCSiE 2024 paragraphs 145 to 146.

#### This will include:

- identify and assign roles and responsibilities to manage filtering and monitoring systems.
- review filtering and monitoring provision at least annually.
- block harmful and inappropriate content without unreasonably impacting teaching and learning.
- have effective monitoring strategies in place that meet the school/ colleges safeguarding need.
- review and discuss the standards with the leadership team, IT staff and service providers to ensure the school/college meets the standard published by the Department for Education filtering and monitoring standards.

Our Governing body and Trust will ensure a review is maintained to ensure the standards and discuss with IT staff and service providers these standards and whether more needs to be done to support our school/college in meeting and maintaining this standard and communicating these to staff, our pupils/students, parents, carers and visitors to the school who provide teaching to children as part of the learning and educational opportunities we provide.

Our Senior DSL and the DSL team will always act in the 'best interest of the child' and remain mindful of the importance with parents and carers about safeguarding concerns held for children and in particular children's access to online sites when away from school.

We will support understanding of harmful online challenges and hoaxes and share information with parents and carers and where they can get help and support.

All forms of abuse or harassment will be reported in accordance with national safeguarding guidance, and we will take a 'zero tolerance' approach to harassment and abuse as informed in KCSiE.

As a school should an incident or disclosure be made by a child, our staff will always reassure the child (victim) that they are being taken seriously and that they will be supported and kept safe, but we recognise that not every victim will view themselves as such. We will also be mindful of the use of other terminology such as 'alleged perpetrator(s)' or 'perpetrator(s)' as in some cases the abusive behaviour will have been harmful to the perpetrator as well.

We will do our best to ensure children understand the law on child-on-child abuse is there to protect them rather than criminalise them. In doing this we will discuss with relevant statutory safeguarding agencies to ensure all concerns or incidents are addressed fully, and where required different types of assessment and services are put in place where required and in accordance with the Nottinghamshire County Council and the Nottinghamshire Safeguarding Children Partnership Pathway to Provision (threshold guidance for referral and access to services)

# **Identifying Concerns**

All members of staff, volunteers and governors will know how to identify pupils who may be being harmed and then how to respond to a pupil who discloses abuse, or where others raise concerns about them. Our staff will be familiar with procedures to be followed.

Staff understand that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition, and that in most cases multiple issues will overlap with each other. Staff who regularly come into contact with children are aware of the DfE guidance What to do if you're worried a child is being abused.

All our staff and volunteers have received safeguarding training to ensure they are able to recognise the indicators of child abuse, harm, or neglect, and will always speak to the designated safeguarding lead or deputy should they become alert or be informed (directly or indirectly) of an incident or concern.

# Indicators of abuse and neglect

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear, or experience its effects. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

#### The four categories of child abuse are as follows:

- 1. Physical Abuse
- 2. Emotional Abuse
- 3. Sexual Abuse
- 4. Neglect

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectation being imposed o children. These may include interactions that are beyond a child's developmental capability as well as over protection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbations, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children to look at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as child-on-child abuse) in education and all staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to; provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

**Safeguarding issues:** All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and or alcohol misuse, deliberately missing education and consensual and non-consensual sharing of nudes and semi-nude images and/or videos can be signs that children are at risk.

#### Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

#### **Child Criminal Exploitation (CCE)**

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting, or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others. Children can become trapped by this type of exploitation, as perpetrators can threaten victims (and their families) with violence or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others. As children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised by adults and professionals, (particularly older children), and they are not treated as victims. They may still have been criminally exploited even if the activity appears to be something they have agreed or consented to. It is important to note that the experience of girls who are criminally exploited can be very different to that of boys. The indicators may not be the same, girls are at risk of criminal exploitation too. It is also important to note that both boys and girls being criminally exploited may be at higher risk of sexual exploitation.

#### **Child Sexual Exploitation (CSE)**

CSE is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or nonpenetrative acts such as masturbation, kissing, rubbing, and touching outside

clothing. It may include noncontact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse including via the internet. CSE can occur over time or be a one-off occurrence and may happen without the child's immediate knowledge for example through others sharing videos or images of them on social media. CSE can affect any child who has been coerced into engaging in sexual activities. This includes 16- and 17-year-olds who can legally consent to have sex. Some children may not realise they are being exploited for example they believe they are in a genuine romantic relationship.

#### **Domestic Abuse**

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

# Female Genital Mutilation (FGM)

Whilst all staff should speak to the senior designated or designated safeguarding lead about any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police.

#### **Mental Health**

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Staff will also seek advice to help them identify children in need of extra mental health support, this includes working with external agencies. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following their child protection policy, and speaking to the designated safeguarding lead.

#### Serious violence

All staff should be aware of the indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

#### Online safety

Killisick Junior School considers the additional requirements KCSiE 2024 places on schools which informs of the greater responsibilities to ensure wherever possible, children can access and use different media platforms safely. In particular, making further reference to on-line abuse which may be a greater issue when children are not in attendance at school and are engaging in learning remotely and may have limited supervision from parents/carers.

Our e-Safety curriculum has specific units on online safety and is taught to all year groups several times throughout the academic year. Parent workshops on online safety at home are run regularly at school. Child and parents courses from the National Online Safety organisation are used to proactively teach about being safe online, but can also be used as a teaching too where further support is needed or specific issues are identified.

Our Child and Family Support Worker is available to offer proactive and reactive support when issues are identified or concerns raised. We have put in place an open and positive culture for safeguarding which is embedded into the way everyone works together, is effective in sharing information in timely manner and meets local thresholds with safeguarding partners, to ensure what is 'best to keep the child/children safe. It includes an environment where everyone feels safe, well cared for, and knows they will be listened to and provided with help and support.

# A whole school approach

Our school ethos demonstrates that the effective safeguarding of children can only be achieved by putting children at the centre of a system where we listen and hear what they say. Every individual within Killisick Junior School will play their part, including working with professionals from other agencies, particularly social workers, to meet the needs of our most vulnerable children and keep them safe. We will take opportunities to teach children about important safeguarding issues in a way that is age appropriate.

Children know that they have a voice and that they will be taken seriously, and that staff have their wellbeing and safety as their number one priority at all times. We use our Wellbeing Curriculum, ELSAs, whole school daily Wellbeing check - ins, E-Safety days, RSHE programme and external projects such as DARE to explore issues and reinforce that they are surrounded by adults who love and care for them, and are always there to listen.

Our children's mental health and wellbeing is supported through our daily Wellbeing curriculum and daily wellbeing check-in. If any child has a low wellbeing score they are immediately given support to help them to improve their score.

Through CPL all staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff understand that where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Staff are aware that these can impact on their mental health, behaviour, and education.

Our school is led by senior members of staff and governors whose aims are to provide a safe environment and vigilant culture where children and young people can learn and be safeguarded. If there are safeguarding concerns, we will respond with appropriate action in a timely manner for those children who may need help or who may be suffering, or likely to suffer, significant harm.

At Killisick Junior School we do the following to ensure that we listen to and hear the child's voice, putting them at the centre of our safeguarding arrangements:

- Ensure all staff receive appropriate training and safeguarding updates.
- Ensure children are aware of where and how they can report their concerns (Childline contact, dedicated One to One time for especially vulnerable pupils)
- Our SEND Provision includes an emphasis on wellbeing and nurture activities which give pupils a range of small group opportunities to express concerns and significant worries and fears.
- Give pupils ample opportunity to express 'Pupil Voice' through groups such as School Council, Pupil Parliament, Pupil Surveys.

- We regularly engage the services of the NSPCC and Pintsize Theatre to deliver workshops to inform children on appropriate touch and staying safe.
- We deliver an annual 'Great Project' to Year 6 in July.
- Where necessary we engage the services of the Tackling Emerging Threats Team to deliver learning in areas such as risky behaviour, consent and friendship.
- Our PSHE Curriculum includes regular and age appropriate content that ensures pupils have the necessary knowledge to keep themselves safe
- We have an annual 'e-safety week' so our pupils know how to stay safe online.
- We have regular visitors to school including Google, Lifeboats, Pint Sized Theatre to deliver assemblies/workshops.
- Our children have daily opportunities to discuss their mental wellbeing through our Wellbeing Curriculum.
- We do a daily positive affirmation in each of our classrooms.
- We have a dedicated Wellbeing Leader who develops whole school mental health initiatives.
- During the first week of term we hold a Mental Health Awareness Week.
- Our children are supported in their mental health through our Year 5/6 Resilience Leaders.
- We have 2 trained ELSAs who offer children support for their mental wellbeing.
- With parental permission we are able to offer children support through Think Children counselling service.
- During our annual Safeguarding update staff explore the indicators that a child has suffered or at risk of suffering abuse, neglect or exploitation. Safeguarding is a weekly agenda item for our Staff Briefing and SLT meetings.

Where staff members have concerns about a child (as opposed to a child being in immediate danger) they will decide what action to take in conjunction with the Snr Designated Safeguarding Lead. Although we advocate that any staff member can make a referral to children's social care or MASH, especially where a child is identified as being in immediate danger, they should however ensure that the Designated Safeguarding Lead (DSL), or a member of the senior leadership team is informed as soon as possible.

We also ensure that all our staff are clear that whilst they should discuss and agree with the DSL any actions to be taken, they are able to escalate their concerns and contact MASH, MASH Consultation Line or social care to seek support for the child if despite the discussion with the DSL their concerns remain. Staff are also informed of the school whistle blowing procedures and the contact details for the Local Authority LADO and NSPCC helpline.

To ensure all staff (including supply staff and volunteers) receive appropriate safeguarding information, the school will do the following:

- Ensure all staff receive face to face Safeguarding Training every 3 years and online training annually
- Complete the National Online Safety accreditation
- Carry out a rigorous induction process for all new staff and volunteers which emphasises the importance of safeguarding as everyone's responsibility and the names of the school's Safeguarding Leads.
- The Senior Leadership of the school will carry out unannounced checks and 'tests' throughout the year to make sure this information has been retained
- Posters will be displayed throughout the school and in key locations which detail names and
- photos of Safeguarding Leads,
- New supply staff will be reminded upon their arrival of their responsibilities to report concerns and their attention drawn to the aforementioned poster.
- All staff are required to read and sign to say they have understood both the most recent KCSiE (part 1)

- Weekly Q+A on safeguarding for all staff in briefing
- Weekly strategic ChildWatch meetings held

The Snr Designated Safeguarding Lead (DSL), who is familiar with national and local guidance, will share concerns, where appropriate, with the relevant agencies.

The School's Snr DSL and DSLs recognise the importance of information sharing both between themselves and with outside agencies when appropriate. We also respect the need for confidentiality and for information only to be passed on a 'need to know' basis.

Agencies that we work with and may share information with include:

- Nottinghamshire MASH (Social Care)
- Nottinghamshire Safeguarding Children Partnership
- Regional Social Care services.
- Early Help Unit
- Health Services
- · Youth Offending Services,
- Police
- Relevant Local Authority Officers (LADO)

In sharing information between ourselves updates will be given during briefing meetings to ensure that the whole team are aware of significant concerns where the sharing of information may help to keep that child safe from harm.

If staff have safeguarding concerns, or an allegation is made about another member of staff (including supply staff and volunteers) posing a risk of harm to children then they are informed and clear to share and report concerns to the Head Teacher and/or the Chair of Governors.

Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider can meet the needs of the pupil.

Children who attend alternative education often have complex needs, it is important governing bodies/trusts and designated safeguarding leads ensure children are fully supported at all times, and the alternative setting is aware of any additional risks of harm that pupils may be vulnerable to. Information sharing for pupils who receive education provision outside of a mainstream setting is vital to support the child and ensure the learning environment where they are placed has all necessary information for the child before they access the provision. The working together principles are key to keep the child safe and understanding the vulnerabilities needing to be supported. This should include up to date contact details for the professionals working with the child and family.

Schools should also obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff.

School will complete the Trust Alternative Provision checklist and the Alternative Provision Transition Plan as part of Due

Diligence ensuring written confirmation from the provider that appropriate safeguarding checks have been carried out. Senior school staff including members of the school safeguarding team will regularly visit to monitor the provision in place including the effective safeguarding arrangements within the provision.

Killisick Junior School's site is used by outside organisations in line with KCSiE 2024 paragraph 169 to 170 Part Four. School conducts due diligence checks to ensure safeguarding arrangements in place for community use of facilities including service level agreement and safeguarding checks carried out. As with any safeguarding allegation, the school will follow the safeguarding policies and procedures, including informing the LADO.

We ensure that all supply staff and volunteers receive appropriate safeguarding information during inductions and on a regular basis. This includes informing them of how to raise a concern or notify the designated safeguarding lead of a disclosure. Due Diligence checks are made by the Admin Team and School Business Manager including booking details, school induction before entering the classroom, how supply staff are made aware of the DSL team and how to report concerns and SLT supervision and support throughout the day.

We ensure the safe recruitment of all staff and how we maintain ongoing vigilance (see KCSiE 2023 paragraph 343) to ensure a culture which considers matters inside and outside the workplace including online. The Headteacher, Deputy Headteacher, School Business Manager and Chair of Governors are all Safer Recruitment Trained.

The Senior DSL and deputies (DSL team) maintains a key role in raising awareness amongst staff about the needs of children who have or who have had a social worker and the barriers that those children might experience in respect of attendance, engagement and achievement at schools or college.

The Senior DSL & Designated Teacher can inform the Governing body and Headteacher the number of children in their cohort who have or who have had a social worker and appropriate information is shared with teachers and staff on individual children's circumstances

The Designated Teacher and Senior Designated Safeguarding Lead maintain data for children who have looked after status and for children who have been involved in the care system.

The Designated Teacher maintains good links with the Virtual School Head to promote the educational achievement of previously looked after children. The role of virtual school heads was extended in June 2021, to include a non-statutory responsibility for the strategic oversight of the educational attendance, attainment, and progress of children with a social worker. The virtual school head should identify and engage with key professionals, helping them to understand the role they have in improving outcomes for children. This should include Designated Safeguarding Leads, social workers, headteachers, governors, Special Educational Needs Co-ordinators, mental health leads, other local authority officers.

We work closely with CLA social workers, virtual school and foster carers to ensure that CLA progress and attainment is shared every term and ideas to remove any barriers to learning are generated to ensure that the individual needs of CLA are met. We attend all termly LAC reviews and termly PEP meetings. Additional transition (particularly between key stages) is put in place for CLA.

Under the section on additional safeguarding vulnerabilities of children with SEND, the SEND Code of Practice is a source of information and support is available from specialist organisations including SENDIASS.

The school SENDCO is a member of the Wider Leadership Team and works closely with all staff – including the Child and Family Support Worker – to ensure that caseloads are distributed effectively and that provision for children with SEND remains highly effective.

SEND is a standing agenda item at the weekly ChildWatch meetings.

# **Our Child Protection Policy**

# There are seven main elements to our policy:

- Providing a safe environment in which children can learn and develop.
- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse in and outside of school.
- Supporting pupils who have social care involvement in accordance with his/her child in need plan, child protection plan or are subject to Local Authority Care.
- Raising awareness of safeguarding children, child protection processes and equipping children with the skills needed to keep them safe in and outside of school.
- Working in partnership with agencies and safeguarding partners in the 'best interest of the child.'
- Ensuring we have appropriate policies and procedures to deal with child-on-child sexual violence and sexual harassment, filtering and monitoring arrangements for online safety and harms.

We recognise that because of the day-to-day contact our school has with children they and we are well placed to observe the outward signs of abuse. Locally, we are particularly aware of the need to look for Signs and Symptoms of:

- Domestic Abuse
- Alcohol and Drug Abuse
- County Lines
- Homelessness

# We will therefore:

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to and heard.
- Ensure children know that there are trusted adults in the school who they can approach if they are worried.
- Ensure that every effort is made to establish effective working relationships with parents, carers, and colleagues from other agencies.
- Include opportunities in the RSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse by:
- Recognise and managing risks including online safety, radicalisation and extremism, sexual exploitation, child on child sexual violence and sexual harassment, the sharing of nude and semi -nude images which has replaced what was termed as sexting.

- Support the development of healthy relationships and awareness of domestic violence and abuse, recognising that Domestic Abuse can encompass a wide range of behaviours and may involve a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional harm and children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.
- Recognise how pressure from others and safeguarding vulnerabilities can affect their behaviour.
- Recognise the link between mental health, school attendance and children 'absent from education' and the impact on learning, progress, and educational attainment.
- Knowing that as a school we will act swiftly to address any concerns related to serious violence, gang and knife crime or child on child sexual violence or sexual harassment incidents.
- Ensure our behaviour policy includes measures to prevent bullying, including cyberbullying, harmful online challenges, hoaxes, prejudice-based and discriminatory bullying and use of social media platforms and networks.
- Maintain an on-line safety policy which address statutory filtering and monitoring standards, which take into
  account remote learning, and use of mobile and smart technology and is reviewed regularly to take into
  account any new threats,
- Ensure the response required by schools and safeguarding agencies to address any 'harm outside the home' also known as 'extra familial harm.' Schools are a place of protection and where children and young people can share concerns and seek support and are place of safety and where children and young people can form safe and trusted relationships. Through creating a whole school ethos and sharing excellent communication with safeguarding partners and services, children and young people can feel assured they will be listened to, heard, and offered support to enable them share sensitive information and strengthen their resilience.
- Reiterate the importance of our school ethos of working together with parents, carers, and external services
  to form strong and trusted partnerships which can advocate trauma informed and trauma aware responses
  and where trusted relationships can be formed and go on to create safe places and spaces within the
  community, so children and young people know how to access a place of safety outside of the
  school/college environment if needed.

As part of your broad and balanced curriculum we intend to embed and teach safeguarding through our RSHE programme. Please see our RSHE policy for full details.

- We will take all reasonable measures to ensure any risk of harm to children's welfare is minimised inside and outside of the school environment.
- Take all appropriate actions to address concerns about the welfare of a child, working to local policies and procedures in full working partnership with agencies.
- Ensure robust child protection arrangements are in place and embedded in the daily life and practice of the school.
- Promote pupil health and safety.
- Promote safe practice, and challenge unsafe practice.
- Ensure that procedures are in place to deal with allegations of abuse against teachers and other staff including volunteers, supply staff and contractors. KCSiE Part Four has two sections, the second section addresses lowlevel concerns.

- · Provide first aid and meet the health needs of children with medical conditions
- · Ensure school site security.
- Address drugs and substance misuse issues.
- Support and plan for young people in custody and their resettlement back into the community.
- Work with all agencies regarding missing children, anti-social behaviour/gang activity and violence in the community/knife crime and children at risk of sexual exploitation.
- Everyone having a duty to safeguard children inside/outside the school environment including school trips, extended school activities, vocational placements, and alternative education packages.
- Children's mental health and wellbeing is supported by our 2 trained ELSAs and our Wellbeing
- Curriculum and our daily Wellbeing check ins.
- We have an open-door approach for parents/carers to discuss any concerns they have for their children or themselves.
- Any form of discrimination is acted upon immediately.
- All of our children are aware that they have trusted adults in school that they can talk to.

School has carefully considered the arrangements we have in place for children who receive off- site education or have alternative learning experiences in place to ensure appropriate checks have been carried out and continue to be managed. This is done through the Trust Alternative Provision checklist around Due Diligence using LA approved Alternative Provision providers. School work in partnership with the Trust to quality assure the AP Provider using the Trust AP checklist. Senior staff including the DSL team carry out regular visits to the provision to review the quality of the provision and the safeguarding arrangements in place. Alternative Provision Transition Plan is reviewed at least monthly with parents/carers and appropriate agencies.

Written confirmation will be completed by the Senior DSL and the AP provider as part of a site visit and completion of the Trust Alternative Provision checklist and the Alternative Provision Transition Plan. This written confirmation will determine that all appropriate safeguarding checks have been carried out on the individuals working at the establishment. These members of staff will also be added to the school single central record.

#### Mental Health

Schools have an important role to play in supporting the mental health and wellbeing of our pupils. In some cases, mental health concerns can be an indicator that the child has or is at risk of suffering some form of abuse, neglect or exploitation. Schools should be familiar with the guidance document Mental Health and Behaviour in schools. <a href="https://www.gov.uk/government/publications/mental-health-and-behaviour-in-schools-2">https://www.gov.uk/government/publications/mental-health-and-behaviour-in-schools-2</a>.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. However, school staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Staff need to be aware of how past experiences can impact on mental health, behaviour and education.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSLs.

#### **LGBTGIA+**

All children and young people have the right to be protected and kept safe from abuse and neglect.

LGBTQ+ children and young people face the same risks as all children and young people, but they are at greater risk of some types of abuse. For example, they might experience homophobic, biphobic or transphobic bullying or hate crime. They might also be more vulnerable to or at greater risk of sexual abuse, online abuse or sexual exploitation (Barnardo's and Fox, 2016; McGeeney et al, 2017; Xu and Zheng, 2014).

Concerns about LGBTQ+ children and young people should be dealt with sensitively, taking into consideration any complicated feelings they might have about their sexuality or gender identity.

Through our Child and Family Support Worker, Interagency partnership working to provide support, e.g. TETC team, pastoral team and an inclusive responsive curriculum, bespoke support can be put in place for individuals identifying as LGBTQIA+

#### **Child Abduction**

KCSiE 2024 Annex B (page 149 Child abduction and community safety incidents – Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends, and acquaintances); and by strangers.

Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation.

Our school operates the NCC & NSCP School Safe Alert protocol. In the case of such an event, we would take advice from the Trust Safeguarding Team.

As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe. This is taught throughout PHSE curriculum and through individual conversations with parents.

We will follow the procedures set out by the Nottinghamshire Safeguarding Children Partnership (NSCP) and take account of guidance issued by the DfE in Keeping Children Safe in Education 2023 to:

- Ensure we have a Senior Designated Safeguarding Lead (DSL), who is a member of the school/college leadership team, and a Deputy Safeguarding Lead for child protection/safeguarding who has received appropriate training and support for this role.
- The Designated Safeguarding Lead role is written into their job description and clarifies the role and responsibilities including as defined in KCSiE 2024 Annex C.
- Ensure we have a nominated governor responsible for child protection/safeguarding.
- Ensure that we have a Designated Teacher for Looked After Children (LAC).
- Ensure every member of staff (including temporary, supply staff and volunteers) and the governing body knows the name of the Senior Designated Safeguarding Lead, their deputies responsible for child protection, and their role.

- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and their
  responsibility for referring any concerns to the Designated Safeguarding Lead, or to children's social
  care/police if a child is in immediate danger.
- Ensure all staff and volunteers are aware of the early help process and understand their role in making referrals or contributing to early help offers and arrangements.
- Ensure that there is a whistleblowing policy and culture where staff can raise concerns about unsafe practice, and that these concerns will be taken seriously.
- Ensure that there is a complaints system in place for children and families.
- Ensure that parents have an understanding of the responsibility placed on the school and staff for child protection and safeguarding by setting out its obligations in the school prospectus and on the school's website.
- Notify Children's Social Care if there is an unexplained absence for a child who is subject to a child protection plan and where no contact can be established with the child, or a parent or appropriate adult linked to the child.
- Develop effective links with relevant agencies and cooperate as required with their enquiries regarding child protection matters, including attendance at child protection conferences.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately; documenting and collating information on individual children to support early identification, referral, and actions to safeguard.
- Ensure all records are kept securely using CPOMS. Access to records is restricted to DSLs.
- Ensure that we follow robust processes to respond when children are missing from education or missing from home or care.
- Develop and then follow procedures where an allegation is made against a member of staff or volunteer.
- Ensure safe recruitment practices are always followed.
- Apply confidentiality appropriately.
- Apply the NSCP escalation procedures if there are any concerns about the actions or inaction of social care staff or staff from other agencies.

#### Supporting children

We recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. We recognise that children who are abused or who witness violence may find it difficult to develop a positive sense of self-worth. They may feel helplessness, humiliation, and some sense of blame. The school may be the only stable, secure, and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication We also recognise that there are children who are more vulnerable than others, which include children with special educational needs and or disabilities.

All staff including volunteers are advised to maintain the attitude of 'it could happen here' where safeguarding is a concern, and when concerned about the welfare of the child should always act in the best interests of the child.

# Our school will endeavour to support the pupil through:

- Developing the content of the curriculum to include wellbeing, resilience, awareness and discussion.
- Maintaining a school ethos which promotes a positive, supportive, and secure environment, and which gives pupils a sense of them being valued.
- The school behaviour policy, anti-bullying policy and child-on-child abuse policy which is kept up to date with national and local guidance and which is aimed at supporting vulnerable pupils in our school.
- Our school will proactively ensure that all children know that some behaviours are unacceptable and will
  need to be addressed but as members of our school they are valued and will be supported through the time
  required to deal with any abuse or harm that has occurred, or outcomes from incidents. This is achieved
  through having a fully trained Emotional Literacy Support Assistants in addition to buying in specialist
  support from Think Children and other outside agencies if appropriate. Teaching assistants are trained in
  nurture, Lego therapy and drawing therapies. We also make significant use of our extensive grounds and
  woodland areas for Forest Schools.
- Liaison with other agencies that support the pupil such as Children's Social Care (in line with the Pathway to Provision Version 9.1, published in May 2021), Behaviour and Attendance Service and Education Psychology Service, use of Complex Case Resolution Meetings and the Early Help Assessment Form (EHAF), etc.
- Ensuring that, where a pupil leaves and is subject to a child protection plan, child in need plan or where there have been wider safeguarding concerns, their information is transferred to the new school immediately or within **5 working days** and that the child's social worker is informed.
- Ensuring that the vulnerability of children with special educational needs and or disabilities is recognised and fully supported having appropriate support in place to meet their needs, which is reviewed alongside Pupil Progress on a termly basis.
- Where a child discloses a concern or informs of an incident that has involved them in an incident involving sexual violence and or sexual harassment the staff member will ensure the child (victim) is taken seriously, kept safe and never be made to feel like they are creating a problem for reporting abuse, sexual violence, or sexual harassment.
- The staff member if not the designated safeguarding lead will be informed immediately, and actions taken in accordance with the school/college child-on -child/ sexual violence and sexual harassment between children in school and college policy.

School has arrangements in place where children and staff can seek support and advice:

- Child and Family Support Worker,
- Staff out at unstructured times,
- Themed assemblies,
- Visible SLT beginning, end and throughout the day.
- Mental Health and Well Being Team,
- Briefings,
- Safeguarding as a standard agenda item in all meetings

#### Safe Staff and Safe Recruitment

 The leadership team and governing body of the school will ensure that all safer working practices and recruitment procedures are followed in accordance with the guidance set out in KCSiE 2024 Part Three and advised by Flying High Trust HR Services policy and practice guidance.

- School leaders, staff and members of the governing body will be appropriately trained in safer working practices and access the safer recruitment training advised by NSPCC Safe Recruitment online course.
- Statutory pre-employment checks and references from previous employers are an essential part of the recruitment process. We will ensure we adopt the appropriate necessary procedures to carry out the checks required and where any concerns arise, we will seek advice and act in accordance with national guidance.
- The school has in place recruitment, selection, and vetting procedures in accordance with KCSiE 2024 Part Three and maintains a Single Central Record (SCR), which is reviewed regularly and updated in accordance with KCSiE 2024 Part Four Section 2.
- Staff will have access to advice on the boundaries of appropriate behaviour and will be aware of the School Employee Code of Conduct, which includes contact between staff and pupils outside the work context.
   Concerns regarding low-level concerns will be included in our Code of Conduct from 1 September 2024 in line with KCSiE Part Four Section two. Staff can access a copy of this through the Policies Folder which is available from the School Office.
- Newly appointed staff and volunteers will be informed of our arrangements for safer working practices by completing an induction before beginning working and contact with pupils.
- In the event of any complaint or allegation against a member of staff, the headteacher (or the Designated Safeguarding Lead) if the headteacher is not present, will be notified immediately. If it relates to the headteacher, the chair of governors will be informed without delay. We will respond to all allegations robustly and appropriately in collaboration with the Local Authority Designated Officer (LADO), LADO Allegation Officers and HR Business Partner or HR Service.
- Staff may find some of the issues relating to child protection and the broader areas of safeguarding upsetting and may need support which should be provided by the school and their Human Resources Team. Further support is provided to DSL teams by the Trust Safeguarding team.
- Advice and support will be made available by the Safeguarding Children in Education Officer (SCiEO), LADO
  and NCC HR where appropriate to the leadership team by the Trust Safeguarding team including the
  Safeguarding Support Consultant.
- All new employees will be appropriately inducted to their role and a link to the <u>Induction Checklist for Safer</u>

  Recruitment can be accessed from HR's guidance section of the School Portal.

#### **Links to other Local Authority policies**

This policy, together with the following, should be read alongside and in conjunction with other policies and statutory guidance regarding the safety and welfare of children. These together will make up the suite of policies to safeguard and promote the welfare of children in this school

# **Roles and Responsibilities**

#### All staff and volunteers

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone in our school who comes into contact with children and their families have a role to play in safeguarding children. All staff in our school consider, at all times, what is in the best interests of children.

All staff know our children and families well. Our ethos at Killisick is about us being a family and looking after one another with kindness. Our SLT are on the gate every morning to detect any concerns and to support children and families. Our morning Wellbeing check in allows children opportunities to talk to staff and allows staff to 'spot' any concerns. Our ELSAs do morning check ins with identified children.

All staff within our school are particularly important as they are in a position to identify concerns early and provide help to children to prevent concerns from escalating. All staff contribute to providing a safe environment in which children can learn by embracing the school's aim and ethos. In doing so they abide by Health and Safety instructions, remain alert to threats to pupil welfare and provide a curriculum which puts pupil wellbeing at the centre of our practice.

Staff contribute to enabling a safe environment both in and when out of schools on trips or extended learning opportunities by:

- · Being visible at the beginning and end of each school day,
- Having a range of clearly defined systems on entering and exiting school,
- Having a range of risk assessments carried out by staff for in and when out of schools,
- Having subject experts driving safeguarding as part of the curriculum,

- Having specific roles, e.g. Health and Safety team, dedicated Child and Family Support Worker, specialist
  PE Leader leading before and after school provision, fully trained Breakfast club staff, pupil leadership
  supporting to keep children safe, e.g. Sports Leaders, Environment Leaders, embedded positive culture,
  structured assembly programme.
- Having effective communication with parents through Class Dojo and the school website, performances, residentials fully incorporated into the school curriculum.

**Early Help:** is support for children of all ages that improves a family's resilience and outcomes or reduces the chance of a problem getting worse. We recognise providing early help is more effective in promoting the welfare of children than reacting later.

All school and college staff should be particularly alert to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs.
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan).
- has a mental health need.
- is a young carer.
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang.
- involvement and association with organised crime groups or county lines.
- is frequently missing/goes missing from education, home, or care,
- has experienced multiple suspensions, is at risk of being permanently excluded from
- schools, colleges and in Alternative Provision or a Pupil Referral Unit.
- is at risk of modern slavery, trafficking, sexual and/or criminal exploitation.
- is at risk of being radicalised or exploited.
- has a parent or carer in custody or is affected by parental offending.
- is in a family circumstance presenting challenges for the child, such as drug and
- alcohol misuse, adult mental health issues and domestic abuse.
- is misusing alcohol and other drugs themselves.
- is at risk of so-called 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage.
- is a privately fostered child.

(Working Together to Safeguard Children 2023 and KCSiE paragraph 497)

All our staff are aware of the early help process and understand their role in this.

This includes being able to identify emerging problems to recognise children who may benefit from early help. Staff know in the first instance to discuss their concerns with the Designated Safeguarding Lead and understand they may be required to support other agencies and professionals in assessments for early help.

Our ELSA specialist makes parental engagement a priority within their role. Class teachers and our 'Pupil Premium Champion' are given release time to allow them the opportunity to work alongside parents. Our SEND Team embraces the support of outside agencies and work hard to make themselves available to parents.

As well as the ELSA staff the school has 2 Forest School practitioners and a Mental Health First Aider.

We regularly organise SEND meetings for parents with the SENCO. Senior members of the SEND team make themselves available throughout Parents Evenings and the school operates a genuine open-door policy which parents take full advantage of.

The school will facilitate meeting between children and social workers where appropriate. Plans, minutes and other confidential information will be scanned and kept securely on the school's online system (CPOMS).

The school will signpost children and parents to a variety of relevant services and agencies:

- Social Care
- Healthy Families Team
- Youth Offending Service
- Police

Our school works closely with Children's Social Care and other external agencies to address safeguarding and child protection concerns. Any issues recorded on CPOMS will be shared in a timely manner with social workers. A DSL from the school will attend social care/agency meetings. Any information shared with school staff will be on a 'need to know' basis.

As a school we recognise that children's experiences of adversity and trauma can leave them more vulnerable to further harm, as well as educational disadvantage in facing barriers to attendance, learning, behaviour and mental health. At Killisick we will endeavour to minimise these barriers through well planned bespoke packages of support for children and families.

# **Safeguarding Training**

All our staff are aware of systems within school and these are explained to them as part of staff induction, which include our child protection policy; the employee code of conduct and the role of the Designated Safeguarding Lead and Keeping Children Safe in Education.

Our school utilises an induction checklist when staff are inducted which includes the above, but also other policy and procedural information

All our staff receive safeguarding and child protection training which is updated every three years. In addition, to this training all staff members receive child protection and safeguarding updates when required, but at least annually. This is provided by the Headteacher during our INSET day in September each year. Regular Q+A sessions and safeguarding scenarios take place during staff meetings, and it is a regular SLT agenda item.

All our staff are aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989 and understand the role they may have in these assessments.

The NCC Bulletin is shared with staff where they can access training opportunities. We also carry out an annual Online Safety (NOS) certificate for all staff that provides wider opportunities for staff training.

All our staff know what to do if a child is raising concerns or makes a disclosure of abuse and/or neglect. Staff will maintain a level of confidentiality whilst liaising with the Designated Safeguarding Lead and children's social care. Our staff will never promise a child that they will not tell anyone about a disclosure or allegation, recognising this may not be in the best interest of the child.

# Staff responsibilities

All staff have a key role to play in identifying concerns and provide early help for children.

# To achieve this, they will:

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
- Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.
- Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.
- Lead and ensure robust arrangements and procedures are in place to effectively manage and regularly
  monitor the school online safety, and specifically appropriate filtering and monitoring on school devices
  and school networks which are reflected in this Child Protection Policy, including awareness of ease of
  access to mobile phone networks.
- Attend training in order to be aware of and alert to the signs of abuse.
- Maintain an attitude of "it could happen here" with regards to safeguarding.
- Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a Deputy DSL should be informed.
- Be prepared to refer directly to social care, and the police if appropriate, if there is a risk of significant harm and the DSL or their Deputy is not available.
- Follow the allegations procedures if the disclosure is an allegation against a member of staff.
- Follow the procedures set out by the NSCP and take account of guidance issued by the DfE KCSiE 2024.
- Support pupils in line with their child protection plan, child in need plan, LAC Care Plan.
- Treat information with confidentiality but never promising to "keep a secret."
- Notify the DSL or their Deputy of any child on a child protection plan or child in need plan who has unexplained absence.
- Have an understanding of early help and be prepared to identify and support children who may benefit from early help.
- Liaise with other agencies that support pupils and provide early help.
- Ensure they know who the DSL and Deputy DSLs are and know how to contact them.
- Have an awareness of the Child Protection Policy, the Behaviour Policy, the Staff Behaviour Policy (or Code
  of Conduct), procedures relating to the safeguarding response for children who go missing from education
  and the role of the DSL.
- Work in partnership with NSPCC, Think Children, PCSO's and the Healthy Families Team.

# Senior Leadership Team responsibilities:

- Contribute to multi-agency working in line with HM Working Together to Safeguard Children 2023 guidance.
- Provide a co-ordinated offer of early help when additional needs of children are identified.
- Ensure all staff, supply staff and volunteers are alert to the definitions of abuse and indicators, and through access to regular training opportunities and updates.
- Ensure staff are alert to the various factors that can increase the need for early help.

- Working with Children's Social Care, support their assessment and planning processes including the school's attendance at conference and core group meetings as appropriate.
- Carry out tasks delegated by the governing body such as training of staff and volunteers, safer recruitment and maintaining of a single central register.
- Provide support and advice on all matters pertaining to safeguarding and child protection to all staff regardless of their position within the school.
- Treat any information shared by staff or pupils with respect and follow agreed policies and procedures.
- Ensure that allegations or concerns against staff including low-level concerns are dealt with in accordance
  with guidance from Department for Education (DfE KCSiE 2024 Part Four 'Allegations made
  against/Concerns raised in relation teachers including supply teachers, other staff, volunteers, and
  contractors in Sections One and Two.)
- Email the Social Worker of any absent child who is subject to a CP Plan or CiN Plan on Day 1 of Absence

#### Low-level concerns about staff behaviour:

Allegations or concerns about an adult working in the school whether as a teacher, supply teacher, other staff, volunteers or contractors

At our school we recognise the possibility that adults working in the school may harm children, including governors, volunteers, supply teachers and agency staff. Any concerns about the conduct of other adults in the school should be taken to the headteacher without delay; any concerns about the headteacher should go to the Chair of Governors – Rachel Makey (rmakey@killisick.notts.sch.uk) or CEO (ceo@flyinghightrust.co.uk)

Any concerns about the conduct of a member of staff, supply teachers, volunteers or contractors should be reported to the headteacher.

Concerns may come from various sources, for example, a suspicion; complaint; or disclosure made by a child, parent or other adult within or outside of the organisation; or as a result of vetting checks undertaken.

The headteacher has to decide whether the concern is an allegation or low-level concern. The term 'low-level' concern does not mean that it is insignificant, it means that the behaviour towards a child does not meet the threshold for referral to the Local Authority Designated Officer (LADO) (see below).

# **Allegations**

It is an allegation if the person\* has:

- behaved in a way that has harmed a child, or may have harmed a child and/or;
- possibly committed a criminal offence against or related to a child and/or; 29
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; and/or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children (also includes behaviour outside the school).

(\*Person could be anyone working in the school, including supply teachers, volunteers and contractors.)

Allegations should be reported to the LADO 'without delay'.

Before contacting the LADO, schools and colleges should conduct basic enquiries in line with local procedures to establish the facts to help them determine whether there is any foundation to the allegation, being careful not to jeopardise any future police investigation.

The LADO's role is not to investigate the allegation, but to ensure that an appropriate investigation is carried out, whether that is by the police, children's social care, the school or college, or a combination of these.

#### **Low-level Concerns**

Concerns may be graded Low-level if the concern does not meet the criteria for an allegation; and the person\* has acted in a way that is inconsistent with the staff code of conduct, including inappropriate conduct outside of work. Example behaviours include, but are not limited to:

- being over friendly with children;
- having favourites;
- taking photographs of children on their mobile phone;
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or, using inappropriate sexualised, intimidating or offensive language.

#### At our school we:

- ensure their staff are clear about what appropriate behaviour is, and are confident in distinguishing
  expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in
  themselves and others;
- empower staff to share any low-level safeguarding concerns with the designated safeguarding lead (or a deputy);
- address unprofessional behaviour and supporting the individual to correct it at an early stage;
- provide a responsive, sensitive and proportionate handling of such concerns when they are raised; help identify any weakness in the school's safeguarding system.

If the concern has been raised via a third party, the headteacher should collect as much evidence as possible by speaking:

- directly to the person who raised the concern, unless it has been raised anonymously;
- to the individual involved and any witnesses.

Reports about supply staff and contractors should be notified to their employers, so any potential patterns of inappropriate behaviour can be identified.

Staff should be encouraged and feel confident to self-refer, where, for example, they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.

Low-level concerns should be recorded in writing, including:

- name\* of individual sharing their concerns
- details of the concern

- context in which the concern arose
- action taken

(\* if the individual wishes to remain anonymous then that should be respected as far as reasonably possible)

Records must be kept confidential, held securely and comply with the Data Protection Act 2018. Schools and colleges should decide how long they retain such information, but it is recommended that it is kept at least until the individual leaves their employment.

Records should be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified.

If a concerning pattern of behaviour is identified and now meets the criteria for an allegation, then the matter should be referred to the LADO.

The records' review might identify that there are wider cultural issues within the school or college that enabled the behaviour to occur. This might mean that policies or processes could be revised or extra training delivered to minimise the risk of it happening again.

# Teachers (including ECTs) and Headteachers – Professional Duty

The Teachers Standards 2012 (updated 13 December 2021) remind us that teachers, newly qualified teachers and headteachers should safeguard children and maintain public trust in the teaching profession as part of our professional duties.

The Children and Social Work Act of 2017, places responsibilities for Designated Teacher to have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship, or child arrangement orders or who were adopted from state care outside England and Wales.

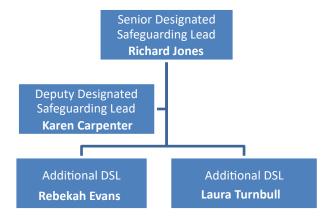

Our Looked After Children Lead professional is the Deputy Headteacher. They takes the lead in carrying out the collection of Pupil's views.

# **Designated Safeguarding Lead**

We have a Senior Designated Safeguarding Lead who takes lead responsibility for safeguarding children and child protection who has received appropriate training and support for this role. The Snr Designated Safeguarding Lead is a senior member of the school leadership team, and their responsibilities are explicit in their job description.

We also have a Deputy Safeguarding Lead, who will provide cover for the Senior Designated Safeguarding Lead when they are not available. Our Deputy Safeguarding Lead has received the same training as our Senior Designated Safeguarding Lead. They will provide additional support to ensure the responsibilities for child protection and safeguarding children are fully embedded within the school ethos and that specific duties are discharged. They will assist the Senior Designated Safeguarding Lead in managing referrals, attending child protection conferences, reviews, core group meetings and other meetings of a safeguarding and protection nature to support the child/children.

We acknowledge the need for effective and appropriate communication between all members of staff in relation to safeguarding pupils. Our Designated Safeguarding Lead will ensure there is a structured procedure within the school, which will be followed by all the members of the school community in cases of suspected abuse.

# The Senior Designated Safeguarding Lead is expected to:

# **Manage Referrals**

- Refer cases of suspected abuse or allegations to the relevant investigating agencies.
- Support staff who make referrals to children's social care and other referral pathways.
- Refer cases where a person is dismissed or left due to risk/harm to a child and the DBS as required.
- Ensure arrangements are in place year-round for all staff and volunteers to seek advice, support and inform
  of safeguarding concerns, or incidents and disclosures that inform children are at risk of harm, or abuse,
  harm or bullying or sexual harm or harassment has occurred.
- Ensure appropriate systems are in place to mange and address online safety, access to mobile phone networks, especially for those children who are potentially at greater risk of harm, abuse, and exploitation and refer concerns where required linked to the PREVENT duty.

The Senior Designated Safeguarding Lead will meet with the Safeguarding Team on a weekly basis during ChildWatch Meetings.

These meetings have a set agenda:

- · Update on actions form previous meeting
- Updates on notable concerns
- Whole school and key groups attendance
- Requests for absence during term time
- · Absence of note
- Incidents of sexual harassment and violence
- · Incidents of child-on-child abuse
- Referrals to outside agencies
- Updates to the Vulnerable Tracker
- SEND updates, commentary and actions
- Behaviour updates, commentary and action
- Any other business

#### Work with others

- Consult with the headteacher (where the Senior Designated Safeguarding Lead role is not carried out by the headteacher) to inform him/her of any issues and ongoing investigations.
- As required, consult with the 'case manager' (as per Part Four of KCSiE 2024) and the LADO where there are child protection concerns/allegations that relate to a member of staff.
- Consult with the case manager and the LADO/LADO Allegation Officer where there are concerns about a staff member.
- Consult with staff on matters of safety and safeguarding and deciding when to make a referral by liaising with other agencies and acts as a source of support, advice, and expertise for other staff.
- Take part in strategy discussions or attend inter-agency meetings and/or support other staff to do so and to contribute to the assessment of children.
- Consult with the local authority and other agencies in line with HM Working Together to Safeguard Children 2023 and the local Nottinghamshire Safeguarding Children Partnership procedures and practice guidance.
- Understand relevant data protection legislation and regulations.
- Ensure all children on a Child Protection Plan and Child in Need Plan are allocated time with an ELSA specialist and/or another trusted member of staff.
- Attend and contribute to Core Group meetings, CiN meetings and Child Protection Meetings. They will
  consult with class teachers, ELSA staff and if appropriate the child themselves prior to submitting any
  reports.
- Feedback feedback to staff about any concern logged and know that it is their responsibility to ask for feedback.
- Understand the assessment process for providing early help and intervention through the Pathway to Provision, EHAF and Early Help.
- Ensure that Child Protection and Safeguarding Policies are available for all staff and visitors.
- Be alert to the specific needs of SEND, young carers and LAC/PLAC/SpG children.
- Keep accurate and factual records through CPOMS
- Understand the PREVENT Duty and provide support and advice to staff about local issues/threats.
- Embed a culture of listening to and protecting children. Children have a clear voice.
- Contribute to developing the curriculum and learning experiences.
- The headteacher, designated safeguarding leads and governing body/trust are aware of the local arrangements put in place by Nottinghamshire Safeguarding Children Partnership (NSCP) and know how to access the NSCP website and training.

# **Undertake training**

- One of the Safeguarding team will attend the half-termly NCC Focus Group Meetings if at all possible.
   Information is then fed back to staff through staff meetings, staff INSET, staff briefings or written instruction.
- Formal Designated Safeguarding Lead training will be undertaken every two years. Informal training and updating of knowledge and skills will be at regular intervals, undertaken at least annually.
- The Senior Designated Safeguarding Lead is responsible for their own training and should obtain access to resources or any relevant refresher training.

- The Senior Designated Safeguarding Lead is also responsible for ensuring all other staff with designated safeguarding responsibilities access up to date and timely safeguarding training and maintains a register or data base to evidence the training.
- All staff to undertake PREVENT training.

# The training undertaken should enable the Designated Safeguarding Lead to:

- Understand the assessment process for providing early help and intervention through the NSCP's Pathway to Provision Version 9.1, EHAF and the Early Help Unit.
- Have a working knowledge of how the Nottinghamshire Safeguarding Children Partnership operates, the
  conduct of a child protection conference, and be able to attend and contribute to these effectively when
  required to do so.
- Ensure that each member of staff has access to the child protection policy and procedures.

- Be alert to the specific needs of children in need, including those with special educational needs and or disabilities and young carers.
- Be able to keep detailed, accurate, secure written records of concerns and referrals.
- Understand the Prevent Duty and provide advice and support to staff on protecting and preventing children from the risk of radicalisation and being grooming into extremist behaviours and attitudes (KCSiE 2024 Annex A and B).
- Understand the reporting requirements for FGM.
- Encourage a culture of protecting children, listening to children and their wishes and feelings.

#### Raise awareness

- Ensure that the child protection policies are known, understood, and used appropriately.
- Ensure that the child protection policy is reviewed annually in consultation with staff members, and procedures are updated and reviewed regularly and implemented, and that the governing body is kept up to date and actively involved.
- Work strategically to ensure policies and procedures are up to date and drive and support development work within the school.
- Ensure that the child protection policy is available to parents and carers and uploaded to the school website and make parents/carers aware that referrals may be made about suspected abuse or neglect.
- Ensure all staff receive induction training covering child protection before working with children and can recognise and report any concerns immediately as they arise.

#### **Child Protection file**

- The Senior Designated Safeguarding Lead is responsible for ensuring that when a child leaves the school or college their 'child protection,' 'child in need' file or 'confidential' file is transferred to the new school or college at the same time the child goes on roll of its new school or education provision.
- A record of the number of children open and subject to CP, CiN and LAC concerns is maintained and shared with the governing body annually.
- A record or data on the cohort of children having or have had a social worker and social care involvement will be maintained.
- Our school will maintain, keep and store records, where a concern about a child has been identified in accordance with statutory guidance in KCSiE 2024.

# **Availability**

- During term time the Senior Designated Safeguarding Lead (or a Deputy) will always be available (during school hours) for staff in the school to discuss any safeguarding concerns. In the absence of the Designated
  - Safeguarding Leads a member of the senior leadership team will be nominated to provide cover. Appropriate arrangements will also need to be in place all year round for any out of school hours' activities in line with the guidance contained in DfE KCSiE 2024 Part Two and Annex C.
- DSLs can be contacted on their school email address or by using the dedicated Safeguarding email address (<a href="mailto:safeguarding@killisick.notts.sch.uk">safeguarding@killisick.notts.sch.uk</a>)

#### Headteacher

#### The Headteacher of the school will ensure that:

- The policies and procedures adopted by the governing body, (particularly those concerning referrals of cases of suspected abuse and neglect), are understood, and followed by **all** staff.
- The school maintains an up-to-date Single Central Record (SCR) which is reviewed regularly and is compliant with statutory guidance.
- Sufficient resources and time are allocated to enable the Designated Safeguarding Lead and other staff to
  discharge their responsibilities, including taking part in strategy discussions and inter-agency meetings,
  and contributing to the assessment of children.
- All staff and volunteers feel able to raise concerns about poor or unsafe practice with regard to children, and such concerns are addressed sensitively and effectively in a timely manner in accordance with agreed whistleblowing policies.
- The Headteacher will ensure all staff including supply teachers and volunteers have access to and read and understand the requirements placed on them through: the school Child Protection Policy; the Staff Behaviour Policy/Code of Conduct Policy.
- The Headteacher will ensure there are mechanisms in place to assist staff to fully understand and discharge their role and responsibilities as set out in KCSiE 2024.
- Where there is an allegation made against a member of staff (either paid or unpaid) that meets the criteria
  for a referral to the LADO, then the headteacher will discuss the allegation immediately with the LADO
  (within 24 hours) and ensure that cases are managed as per Part Four: Allegations made against/Concerns
  raised in relation to teachers, including supply teachers, other staff, volunteers, and contractors. If the
  allegation is against the Headteacher, then the Chair of the Governing Body will manage the allegation –
  see below.
- The investigation lead will liaise with the Trust Safeguarding team and the Trust HR team.

#### **Governing Body**

We recognise our Governing body has a strategic leadership responsibility for our school's safeguarding arrangements and <u>must</u> ensure they comply with their duties under legislation and <u>must</u> have regarding to KCSiE 2024 and Working Together to Safeguard Children (2023), ensuring policies, procedures and training in our school are effective and comply with the law at all times.

The governing body will be collectively responsible for ensuring that safeguarding arrangements are fully embedded within the school's ethos and reflected in the school's day to day safeguarding practices by:

- Ensuring there is an individual member of the governing body to take leadership responsibility for safeguarding and champion child protection issues in the school.
- Ensuring that the school has effective policies and procedures in line with statutory guidance (Working Together to Safeguard Children 2023) as well as with local NSCP guidance and monitors the school's compliance with them.
- Ensuring that safeguarding policies and procedures are in place for <u>appropriate</u> action to be taken in a <u>timely</u> manner to promote a child's welfare.

- Recognising the importance of information sharing between agencies through the statutory guidance
  provided within KCSiE 2024 regarding Data Protection Act 2018 and UK GDPR and the additional
  clarification regarding processing personal information fairly and lawfully and to keep the information they
  hold safe and secure (KCSiE paragraph 92).
- Ensuring cooperation with the local authority and other safeguarding partners.
- Appointing a Senior Designated Safeguarding Lead from the leadership team to take lead responsibility for child protection/safeguarding and that a Designated Teacher for Looked After Children is appointed and appropriately trained.
- Ensuring that all staff, supply teachers and governors read and fully understand at least KCSiE 2024 Part
  One and or Annex A as a minimum and ensure that there are mechanisms in place to assist staff to
  understand and discharge their role and responsibilities as required within the guidance.
- Ensuring that the governing body understands it is <u>collectively responsible</u> for the school's safeguarding arrangements, even though a governor will be nominated as the 'Safeguarding Governor' and person who will champion all safeguarding requirements.'
- All members of the governing body will undertake safeguarding training to ensure they have the knowledge
  and information needed to equip them with the knowledge to provide strategic challenge to test and assure
  themselves that the safeguarding policies and procedures in place are effective and support the delivery of
  robust 'safeguarding arrangements and act as the 'critical friend'. This training must focus on their strategic
  role and not on operational procedures.
- The Chair of Governors and named Safeguarding Governor will access role specific training to enable them to comply and discharge their child protection/ safeguarding responsibilities including should any allegations be made against the Headteacher/ Principal.
- The Governing body will collectively ensure there is a training strategy in place for all staff, including the headteacher, so that child protection training is undertaken with refreshed in line with KCSiE 2023 and NSCP guidance.
- Ensuring that staff undergo safeguarding child protection training at induction and that there are
  arrangements in place for staff to be regularly updated to ensure that safeguarding remains a priority.
- Ensuring that temporary staff and volunteers who work with children are made aware of the school's arrangements for child protection and their responsibilities
- Ensuring there are procedures in place to manage allegations against staff and exercise disciplinary functions in respect of dealing with a complaint KCSiE 2024 Part Four Section One.
- Ensuring that arrangements/procedures are in place to manage and provide clarity on the process for sharing 'low level' concerns, which should be referred to within the school/college Staff Code of Conduct, (Allegations and concerns about a staff member that after initial consideration by the 'case manager' do not meet the criteria for a referral to LADO).
- Ensuring when making a referral to the LADO Service a LADO referral form is fully completed.
- Ensuring a response if there is an allegation against the headteacher by liaising with the LADO or other appropriate officers within the local authority.
- Ensure that when managing allegations, they will liaise with the Trust Strategic Development Group, or Trust Safeguarding team if applicable, e.g., allegation against the Headteacher, and will have attended appropriate Managing Allegations training.
- Ensuring appropriate responses to children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse, including child sexual exploitation and going missing in future.
- Be aware of the issues involving the complexity of serious violence and sexual violence and sexual
  harassment between children and ensure the school has policy, procedures and staff are trained (including
  the DSL and Senior Leadership) to recognise and respond to incidents and resources to manage actions
  and support for those involved.

- Be alert and respond to harmful online challenges and hoaxes, including providing information and advice to parents and carer and informing where to get help and support.
- Be alert to the growing concerns involving knife crime and ensure the school works closely with the police and safeguarding partners to raise awareness of the impact of such crime and adopt proactive practice to address concerns locally and within the community.
- Ensuring appropriate filters and monitoring systems are in place to protect children online and children are taught about keeping safe online through the curriculum.
- Giving staff the opportunities to contribute and shape safeguarding arrangements and child protection policy.
- When the school's premises are used for non-school activities the Governing body and Trust will seek assurances that the body concerned has appropriate safeguarding and child protection policies and procedures in pace, and inspect them as needed, including liaising with the Head teacher/ trust. This will apply regardless of whether or not children who attend the prevision are on the school or college roll.
- Any safeguarding concerns involving outside organisations will be addressed through our safeguarding
  policies and procedures, and in line with the local Nottinghamshire Safeguarding Children Partnership
  procedures.
- Prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, making decisions about additional checks and ensuring volunteers are supervised as required.
- Ensure at least one person on an interview panel has completed safer recruitment training.
- Inform any new prospective employees' that online social media checks will be completed as part of the interview process (KCSiE 2024 Part Three Safer Recruitment).
- Recognising that certain children are more vulnerable than others, such as looked after children and children with special educational needs and disabilities.

#### Looked After Children - The Role of Designated Teacher and the Designated Safeguarding Lead

- A Designated Teacher is appointed who has responsibility for promoting the educational achievement of children who are looked after. They have the appropriate training. The Designated Teacher will work with the Virtual School to ensure that the progress of the child is supported.
- The Designated Safeguarding Lead will also have details of the child's social worker and the name of the
  Assistant Head of the Virtual School. The Designated Safeguarding Lead will work closely with the
  Designated Teacher, as we recognise that children may have been abused or neglected before becoming
  looked after. We will ensure their ongoing safety and wellbeing as well as supporting their education,
  through linking with their social worker, carers, and parents where appropriate.
- We also recognise those children who were previously Looked-After potentially remain vulnerable and all staff will be informed of the importance of maintaining support for them through our school pastoral system. As a school we will continue to recognise the importance of working with agencies and take prompt actions where necessary to safeguard these children, who may remain vulnerable.
- We will continue to recognise the importance of working with agencies and take prompt actions where necessary to safeguard these children, who may remain vulnerable.

#### **Children with Special Educational Needs**

We recognise that children with special educational needs (SEN) and or disabilities can face additional safeguarding challenges on and offline. Children with SEN and or disabilities are especially vulnerable when identifying concerns due to their impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening.

All staff are aware that additional barrier can exist when recognising abuse and neglect for children with SEND and be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. They may not always show outward signs and may have communications barriers and difficulties in reporting challenges, especially involving exploitation or incidents involving child- on -child harm, abuse, or harassment and particularly where that harassment or harm is of a sexual nature. Our staff's vigilance will be a supporting factor to keeping all children safe.

Our policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children which include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.
- children with SEN and disabilities can be disproportionally impacted by things like bullying, without
  outwardly showing any signs; and communication barriers and difficulties in overcoming their ability to
  disclose incidents or the risk of harm they feel subject to,
- addressing individual behaviour concerns and incidents considering the child's SEN and disabilities.
- recognising and having in place additional support for example to teach, advise, mentor and support
  children with SEND from online harms, hoaxes, bullying, grooming and radicalisation and enable them to
  have confidence and the ability to stay safe online, either in schools or outside the school environment.

#### Taking action where concerns are identified

Our staff recognise the difference between concerns about a child and a child in immediate danger. If staff have concerns about a child, they will need to decide what action to take. A discussion should take place with the Senior Designated Safeguarding Lead, to agree a course of action.

If a child is in immediate danger or risk of harm a referral will be made immediately to the Multi-Agency Safeguarding Hub and/or immediately to the police if at imminent risk of harm by the member of staff if required, with the Designated Safeguarding Lead being informed of the referral.

# If a child chooses to tell a member of staff about alleged abuse, there are a number of actions that staff will undertake to support the child:

- The key facts will be established in language that the child understands, and the child's words will be used in clarifying/expanding what has been said.
- No promises will be made to the child, e.g., to keep secrets.
- Staff will stay calm and be available to listen.
- Staff will actively listen with the utmost care to what the child is saying.
- Where questions are asked, this should be done without pressurising, and only using open questions.
- · Leading questions should be avoided as much as possible
- Questioning should not be extensive or repetitive
- Staff will not/ should not put words in the child's mouth but will subsequently note the main points carefully.
- A full written record will be kept by the staff duly signed and dated, including the time the conversation with the child took place, outline what was said, comment on the child's body language etc.
- It is not appropriate for staff to make children write statements about abuse that may have happened to them or get them to sign the staff record.
- Staff will reassure the child and let them know that they were right to inform them and inform the child that this information will now have to be passed on.
- The Designated Safeguarding Lead will be immediately informed unless the disclosure has been made to them.
- Information should be shared with children's social care without delay, either to the child's own social worker or to the MASH. Children's Social Care will liaise with the police where required, which will ensure an appropriate police officer response rather than a uniformed response.
- The Police would only therefore be contacted directly in an emergency or if a child is in immediate risk of harm, abuse, or danger.
- If unsure, the MASH has available a Consultation Phone Line during office hours where a conversation (without naming children) can be used to speak with a qualified social worker. No record of the conversation will be made it is purely an advice line.

Staff <u>should never</u> attempt to carry out an investigation of suspected child abuse by interviewing the child or any others involved especially if a criminal act is thought to have occurred. The only people who should investigate child abuse and harm are Social Care, Police, or the NSPCC.

#### Confidentiality

We recognise that all matters relating to child protection are confidential; however, a member of staff must never guarantee confidentiality to children; children will not be given promises that any information about an allegation will not be shared.

Where there is a child protection concern it will be passed immediately to the Designated Safeguarding Lead and/or to children's social care. When a child is in immediate danger children's social care/the police will be contacted.

The Headteacher or Senior Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff, including the level of involvement of other agencies, only on a 'need to know' basis.

All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children. They are aware that the Data Protection Act 1998 should not be a barrier to sharing of information where failure to do so would result in a child being placed at risk of harm.

We acknowledge further guidance can be found by visiting Nottinghamshire Safeguarding Children Partnership website:

https://www.nottinghamshire.gov.uk/nscp

#### **Information Sharing**

Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment, and service provision to keep children safe. Serious Case Reviews (SCRs) now known as Rapid Reviews (RRs) have highlighted that missed opportunities to record and thereby understand the significance of sharing information in a timely manner can have severe consequences for the safety and welfare and well-being of children (Working Together to Safeguard Children 2023).

We will adopt the information sharing principles detailed in statutory safeguarding guidance contained within:

- DfE KCSiE 2024 paragraphs 114 to 122 and Annex C.
- HM Working Together to Safeguard Children 2023 Paragraphs 28 to 34 and on pages 18 to 22.
- HM Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents, and carers (Data Protection Act 1998 (DPA) and UK General Data Protection Regulation (UK GDPR).
- Nottinghamshire Safeguarding Children Partnership (NSCP) Policy and Practice Guidance.
- Staff and Governors have completed the statutory GDPR training

**Records and Monitoring** (KCSiE 2024 paragraphs 66 to 67, Part Four, Part Five, Annex C)

Any concerns about a child will be recorded in writing, using the schools established electronic systems, CPOMS, within 24 hours. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed. Where an opinion or professional judgement is recorded this should be clearly stated as such.

At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person; this type of behaviour could lead to the staff member being taken into managing allegations procedures. The body maps should be used in accordance with recording guidance and to support clarity for example of areas of injury, marks and bruising and or touching.

Any concerns should be reported and recorded without delay to the appropriate safeguarding services e.g., MASH or the child's social worker if already an open case to social care.

A chronology will be kept in the main school file prior to the commencement of a concern file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for alerting the Designated Safeguarding Lead should the number of concerns rise or, in their professional judgement, become significant. At the point at which a concern file (see below) is commenced then the chronology can be transferred to the concern file.

Our school will ensure all our files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

#### Why recording is important?

Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from serious case reviews are in terms of recording and sharing information. It is often when a chronology of information is pieced together that the level of concern escalates or the whole or wider picture becomes known.

We acknowledge without information being recorded it can be lost. This could be crucial information, the importance of which is not always necessarily apparent at the time. On occasions, this information could be crucial evidence to safeguard a child or be evidence in future criminal prosecutions.

#### **Recording Practice and Procedures**

Timely and accurate recording will take place when there are any issues regarding a child.

A recording of every incident or concern for the child will be made, including any telephone calls to other professionals. These will also be recorded on the chronology and kept within the child protection file for that child, as over time they are likely to help identify any patterns or emerging risks and needs. This will include any contact from other agencies who may wish to discuss concerns relating to a child. Actions will be agreed, and roles and responsibility of each agency will be clarified, and outcomes recorded.

The chronology will be brief and log activity; the full recording will be on the record of concern.

Further detailed recording will be added to the record of concern and will be signed and dated. Records will include an analysis of the event or concerns and will take account of the holistic needs of the child, and any historical information held on the child's file.

Support and advice will be sought from social care, or the early help service whenever needed. In this way a picture can emerge, and this will assist in promoting an evidence-based assessment and determining any action(s) that needs to be taken.

This may include no further action, whether an EHAF should be undertaken, or whether a referral should be made to MASH/Children's Social Care in- line with the NCC Pathway to Provision, made available by Nottinghamshire Safeguarding Children Partnership.

Such robust practice across child protection and in safeguarding and promoting the welfare of children will assist the school and DSL team in the early identification of any concerns which may require addressing further and the prevention of future harm, risk, or abuse.

#### The Child Protection (CP), Child in Need (CiN) or Confidential file

(KCSiE 2024 Annex C pages 171 to 172 and paragraphs 101,121 to 122, 547 and 550).

The establishment of a Child Protection, CiN or Confidential Safeguarding file, which is separate from the child's main school file, is an important principle in terms of storing and collating information about children which relates to either a child protection or safeguarding concern or an accumulation of concerns about a child's welfare which are outside of the usual range of concerns which relate to ordinary life events. It should be borne in mind that what constitutes a 'concern' for one child may not be a 'concern' for another and the child's particular circumstances will need to be taken into account for example if a child is subject to a child protection plan, CiN plan or has looked after status (LAC). Professional judgement will therefore be an important factor when making this decision and will need clear links between pastoral staff and those with Designated Safeguarding Lead responsibilities in school.

#### A 'child protection' or 'confidential' file should be commenced in the event of:

- A referral to MASH/Children's Social Care.
- A number of minor concerns on the child's main school file.
- Any child is open to social care or Early Help Service.
- Involved with statutory safeguarding agency.

#### All 'child protection' or 'confidential' file should contain the following

- A front sheet.
- A chronology.
- A record of concern in more detail and body map, where appropriate.
- A record of concerns and issues shared by others.

The school will keep electronic records of concerns about children even where there is no need to refer the matter to MASH/Children's Social Care (or similar) immediately, but these records will be kept within the separate concerns file. Records will be kept up to date and reviewed regularly by the Snr Designated Safeguarding Lead, to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.

The 'confidential' file can be active or non-active in terms of monitoring i.e., a child is no longer LAC, subject to a child protection plan or EHAF and this level of activity can be recorded on the front sheet as a start and end date. If future concerns arise, they can be re-activated and indicated as such on the front sheet and on the chronology as new information arises.

# Transfer of child's child protection file, child in need, LAC, or confidential file (statutory requirement):

Our school will adopt the file transfer guidance contained in KCSiE 2023 and ensure when a child moves school/education provision their child protection/confidential file is sent securely to their new educational setting when the child starts/ leaves the school/academy.

For those children subject of social care and safeguarding agency involvement will ensure the file is able to evidence the child's journey and include key information as described in KCSiE 2023 Should a child subject to social care involvement transfer schools, college, or education provider we will ensure the child's child protection or confidential file move is <u>transferred within 5</u> days as required by KCSIE.

Our Senior DSLs will liaise directly with the receiving school, college or alternative placement and hold a discussion to share important information to support the child's transfer to ensure the child remains safeguarded, has any

'reasonable adjustments' agreed, and put in place and to ensure the changes experienced by the child are as smooth as possible to enable a positive integration experience and engagement with new staff and learning.

In accordance with KCSiE 2024 we will maintain information on cohorts of children who have been open to social care, have had a social worker or who are closed to social care and may have returned to the family home. This information will only be considered for sharing 'if appropriate' with the new school or provider in advance of the child leaving to allow for the new school to continue supporting the children who have had a social worker or been victims of abuse, including those who are currently receiving support through the 'Channel' programme. (KCSIE 2024 paragraph 121 to 122 and Annex C).

#### **Educating Young People - Opportunities to teach safeguarding**

(KCSiE 2024 paragraphs 128 to 136, Annex A & Annex C Online Safety).

As a school we will teach children in an age-appropriate way about youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes, and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cybercrime, reviewing online safety platforms and use of mobile technology. We will ensure appropriate filters and monitoring systems in place and regularly review their effectiveness

The education we provide for online safety will take into account the need for children to learn using online technologies in a safe environment whether that be in school, in the home or in a community environment. This will also be taught as part of a wider RSHE programme, as well as through other subject areas and ICT.

We will ensure a whole school approach is in place to promote giving children the space to explore key issues in a sensitive way and the confidence to seek the support of adults should they encounter problems or online harms, hoaxes or harassment including involving incidents of sexual violence and sexual harassment between children.

We will carefully consider mobile phone use and the new filtering and monitoring standard required by DfE and how this is managed in school and ensure it is reflected in our mobile and smart technology policy. This will include where children have unlimited and unrestricted access to the internet via mobile phone networks (i.e., 3G, 4G and 5G).

Our arrangements will be regularly reviewed to address this additional area of safeguarding as technologies change on a regular basis and having access to smart technology could mean some children, whilst at school/college, sexually harass, bully, and control others via their mobile and smart technology, share indecent images consensually and non-consensually (via large chat groups) and view and share pornography and other harmful content.

As part of our Wellbeing Curriculum, we devote one week each term to focus on online safety with our children. We have 3 clear messages for online safety that are aligned to our School Values: Be RESPONSIBLE, Be RESPECTFUL and Be CONFIDENT. In addition, we regularly share online safety messages with our parents/carers through Class Dojo and through our Year 6 assembly squad drama work.

RSHE is taught in all year groups in an age appropriate manner. Parents/carers are consulted on our curriculum and are invited to speak directly to class teachers if they have any queries.

Our response to identifying, responding to, and managing concerns, incidents, or disclosures regarding sexual violence between children in Killisick can be found in Appendix 5.

#### Helplines and reporting

- Children can talk to a Child Line counsellor 24 hours a day about anything that is worrying them by ringing 0800
  - 11 11 or in an online chat at <a href="https://www.childline.org.uk/get-support/1-2-1-counsellor-chat/">https://www.childline.org.uk/get-support/1-2-1-counsellor-chat/</a>
- Where staff members feel unable to raise an issue with their employer, or feel they have a genuine concern
  that is not being addressed we acknowledge they may wish to consider whistleblowing channels. Likewise,
  if parents
  - and carers are concerned about their child, they can contact the NSPCC Helpline by ringing 0800 028 028 0295, or by emailing <a href="https://new.nspcc.org.uk">help@nspcc.org.uk</a>
- NSPCC advice on all aspects of safety www.nspcc.org.uk
- CEOP advice on how to report online abuse www.ceop.police.uk
- Childnet guidance for schools for cyberbullying www.childnet.com
- Let's Talk About It advice to parents/carers about online radicalisation www.letstalkaboutit.nhs.uk

### **Appendices**

Appendix 1 - NCC LA Flow Chart 2024-2025 'What to do if you are worried a child is being abused or at risk of harm, neglect, or online harm

Appendix 2 -Template: Case Record and Chronology form (only to be used in the event that CPOMS is unavailable)

Appendix 3 -Template: Logging a concern about a child's safety and welfare (only to be used in the event that CPOMS is unavailable)

Appendix 4 -Template: Body Maps Guidance and Body Maps (only to be used in the event that CPOMS is unavailable)

Appendix 5 - Policy and procedures to manage with child-on-child abuse and sexual violence and sexual harassment from September 2023 to 2024

Appendix 6 – Existing Injuries Form – Tool to support reflection

Name of School/Academy/AP Child Protection & Safeguarding Flow Chart 'What to do if you are worried a child is being abused, at risk of harm or neglect'

Actions where there are concerns about a child's welfare in and outside of school

Be alert to signs of abuse, question unusual behaviour or changes to presentation.

#### Where a child discloses abuse, neglect, sexual violence, sexual harassment, online harm

- Listen to what they say, keep calm, reassure they are right to tell, and you will take action to help keep them safe.
- Inform them you need to share the information and what you are going to do next
- Do not promise confidentiality, you will need to share/report the information to appropriate services.
- DO NOT DELAY, take any immediate necessary action to protect the child and ensure the Designated Safeguarding Lead is informed or member of SLT in the DSL's absence.

#### Discuss concerns with the Snr Designated/Named Safeguarding Lead

- The Safequarding Lead will consider further actions including consultation with Children's Social Care/ MASH (if a new concern).
- Concerns and discussion, decisions and reasons for decision should be recorded in writing and a 'confidential concerns' or a 'child protection' file should be opened, stored in line with the school child protection policy.
- At all stages the child's circumstances should be kept under review and re-refer if concerned to ensure the child's circumstances improve - the child's best interests must come first.

#### Still have concerns - Refer to MASH (Multi-Agency) Safeguarding Hub) Social Care

Have child/families' personal details to hand and be clear about concern/allegations. Complete referral form.

Safeguarding concern Resolved /no longer held Support has been agreed, record decisions and any follow up needed.

MASH Tel: 0300 500 80 90

Consultation Line Tel: 0115 977 4247 (Office Hours Monday to Friday)

Where safe consider Early Help Service

#### If the child is at immediate risk dial 101 and ask for assistance

Record all decisions and actions, working to agreed outcomes and within timescales. Escalate any emerging threats/concerns by adopting Nottinghamshire Safeguarding Children Partnership procedures.

www.nottinghamshire.gov.uk/nscp

Out of hours Emergency Duty Team 5.00pm -8.30am Tel: 0300 4564546

NSPCC Whistle blowing Tel: 0800 028 0285

Police Tel:101

Unmet needs identified Decide what actions are needed to support the child.

Consult with the child young person, family, and relevant agencies: Agree support, refer to NSCP guidance 'Pathway to Provision' version 9.1.

Contacts: For any allegations/concerns regarding an adult who works with (in either paid/voluntarily) employment with children contact the LA Designated Officer (LADO) for referrals Tel:- 0115 8041272. LADO Strategic Lead Tel: 0115 9773921

Cheryl Stollery - LA Safeguarding Children in Education Officer Tel:- 0115 8041047

This flow chart is a brief guide - Please refer to our School Child Protection Policy.

# **Case Record/Chronology**

# **CONFIDENTIAL**

#### **Sheet Number:**

Complete for all incidents of concern including where a 'logging the concern' sheet has not been completed. If one has been completed, then add a note to this chronology to cross reference (significant information may also be added).

Name:			
DOB:		Form:	
Date	Information/Details of concerns or contact	Print Name and Signature	

# Logging a concern about a child's safety and welfare

Part 1 (for use by any staff)

Pupil's Name:	Date of Birth: FORM:
Date and Time of Incident:	Date and Time (of writing):
Name:	
Print Signatur	e
Job Title:	
Note the reason(s) for recording the incident.	
Record the following factually: Who? What (if recording a verbal disclosure by a child use their words)? Where? When (date and time of incident)? Any witnesses?	
,,,,,,,, .	
Professional opinion where relevant (how and why	might this have happened?)
Note actions, including names of anyone to whom	vour information was passed.
The second secon	your milemation mad passour
Any other relevant information (distinguish betwee	n fact and opinion).

Check to make sure your report is clear to someone else reading it.

# Please give this form to your Senior Designated Safeguarding Lead

Part 2 (for use by the Senior Designated Safeguarding Lead (DSL)

Time and date information received by DSL, and from whom.	
Any advice sought by DSL (date, time, name, role, organisation, and advice given).	
Action taken (referral to MASH/children's social care/monitoring advice given to appropriate staff/EHAF etc. with reasons.	
Note time, date, names, who information shared with and when etc.	
Parent's informed Y/N and reasons.	
Outcome	
Record names of individuals/agencies who have given information regarding outcome of any referral (if made).	
Where can additional information regarding child/incident be found (e.g. Pupil file, serious incident book)?	

Should a concern/ confidential file be commenced if there is not already one? Why?	
Signed	
Printed Name	

#### **Body Map Guidance for Schools**

Medical assistance should be sought where appropriate.

Body Maps should be used to document and illustrate visible signs of harm and physical injuries.

Always use a black pen (never a pencil) and do not use correction fluid or any other eraser.

Do not remove clothing for the purpose of the examination unless the injury site is freely available because of treatment.

\*At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures, the body map below should be used in accordance with recording guidance. Any concerns should be reported and recorded without delay to the appropriate safeguarding services,

e.g., MASH or the child's social worker if already an open case to social care.

When you notice an injury to a child, try to record the following information in respect of each mark identified e.g. red areas, swelling, bruising, cuts, lacerations and wounds, scalds, and burns:

- Exact site of injury on the body, e.g., upper outer arm/left cheek.
- Size of injury in appropriate centimetres or inches.
- Approximate shape of injury, e.g. round/square or straight line.
- Colour of injury if more than one colour, say so.
- Is the skin broken?
- Is there any swelling at the site of the injury, or elsewhere?
- Is there a scab/any blistering/any bleeding?
- Is the injury clean or is there grit/fluff etc.?
- Is mobility restricted as a result of the injury?
- Does the site of the injury feel hot?
- · Does the child feel hot?
- Does the child feel pain?
- Has the child's body shape changed/are they holding themselves differently?

Importantly the date and time of the recording must be stated as well as the name and designation of the person making the record. Add any further comments as required.

Ensure First Aid is provided where required and record

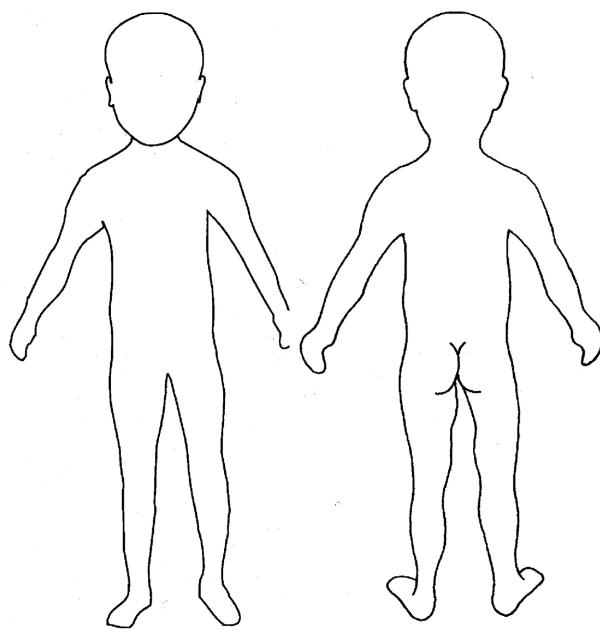

A copy of the body map should be kept on the child's child protection file.

### **Existing Injuries Form - Tool to support reflection**

The recording of injuries which children have sustained outside of a care or education setting, including the explanation given by the child, their parent or carer, plays a key role in identifying safeguarding concerns. Lessons from Child Safeguarding Practice Reviews tell us that the reflection which takes place alongside the recording is also key, particularly in identifying patterns to injuries.

This tool has been co-designed by practitioners who are dealing with these issues on a day-to-day basis. Whilst it is for each setting to determine how they discharge their safeguarding responsibilities, this tool is being made available to support you in the difficult work you do, with the aim of keeping our children safe.

Are there existing safeguarding concerns or Children's Social Care current or past involvement?	Yes / No Comments:
When was the last injury(ies)?	Date(s) and injury(ies)
Is this part of a pattern?	Yes / No Comments:
Is the explanation consistent with the injury?	Yes / No Comments:

- Is the explanation concerning or are there conflicting explanations?	Yes / No Comments:
- Interpretation of level of risk	Low Medium High
Actions to be taken, either in respons risk What, By who, By when	se to the injury, or to reduce further
