

KILLISICK JUNIOR SCHOOL NEWSLETTER

MESSAGE FROM MRS CARPENTER

Dear Parents and Carers

It has been another lively and productive week in school. As a whole community, we have been learning about the Zones of Regulation, helping children understand their emotions and practise strategies to get themselves into the right zone for learning. It has been fantastic to see how thoughtfully they are approaching this.

Writing has been a particular highlight this week. Years 3, 4 and 5 have been planning, drafting and publishing some impressive setting descriptions, while Year 6 have produced thoughtful biographies. The care and pride that the children have taken in their work has been wonderful to witness.

Year 5 have also started their Mini Police programme, which gives them the chance to learn about responsibility and their role in the wider community. We are equally proud to share that our recent Macmillan Coffee Morning raised nearly £80—thank you for your generous support.

We continue to work hard to make lunchtimes enjoyable for everyone, introducing new equipment and systems to ensure safe, fun and inclusive playtimes. A reminder that places for Breakfast Club must be booked before midnight the night before, so that we know who to expect for safeguarding reasons.

This week also brings important events: Thursday is our Harvest Festival, and we will be collecting donations for the local food bank (please see the list below). On Friday, we invite children and staff to wear yellow as part of Mental Health Awareness Week, showing our support for this important cause.

Thank you, as always, for your continued support
